Mali festival psihodrame je namenjen vsem, ki želijo raziskovati svojo kreativnost- vsakodnevno, osebno, medosebno, profesionalno, umetniško in/ali psihoterapevtsko. Predhodnje izkušnje v psihodrami niso potrebne.

Mali festivali se z inspirativnimi gosti iz različnih področij osredotočajo na raznolikost perspektiv; skupinsko delo v izkustvenih delavnicah; deljenjem umetnosti, ki postane v teh pogojih posebna in dragocena; in na spontano oblikovanje začasne skupnosti.

Kratki raziskovalni in izobraževalni oddihi so valilnica kreativnih procesov in so namenjeni ne zgolj umetnikom, temveč vsem, ki si želijo bolje razumeti sebe in druge./

little festival of psychodrama welcomes all who wish to explore their creativity – everyday, personal or interpersonal, career, artistic or psychotherapeutic one. Previous experiences in psychodrama are not needed.

With inspiring guests from various fields Little festivals focus on diversity of perspectives, group work in experiential workshops, sharing art that becomes special and precious in these conditions, and on spontaneous formation of a temporary community.

Short research and education retreats are a hatchery of creative processes, dedicated not only to the artists, but to all who wish to better understand themselves and others.
